It would be great if you could follow us and like some of the work that inspires you. Choose one of the creative challenges which have been set on the Instagram page, there is an example above. You might like to try one of these two challenges instead:

### Creative challenge 1 - A view through

Using a toilet roll as a view finder, explore your home and take a series of images which make your current location look interesting and different. If you have filters and editing software on your phone you could enhance how they look. If you want to you could use the free app layout from Instagram (or similar free apps) to make a grid layout of your best image. See the example to the left.

### Creative challenge 2 -

This challenge involves collecting objects from your home, garden and during your daily exercise. You will need to collect objects to create stick characters. Be as creative as you want, you can even base your characters on your family members, a story or a film character that you like.

We would love to see your art work, feel free to email us pictures to [transition@thealegreen.w-berks.sch.uk](mailto:transition@thealegreen.w-berks.sch.uk) .
