We form a strong community

*Connection,  
community, and  
growth*

## **TGS mission to be “The School of Choice for all the Community”**

- ❖ Through appropriate implementation of this plan, this enables helping everyone (staff and student) who walks through the gates to achieve their **personal best**.
- ❖ School leaders should consider that strategic plans tend to over-estimate what an organisation can deliver in 12 months, but under-estimate what it can deliver in five years.

## Important information

Through focusing on these key pillars we will support students and staff to achieve their personal best.

This plan is reviewed on a half termly basis by the Leadership Team; termly basis by the Local Governing Committee.

The Quality of Education pillar embodies the classroom experience and how that leads to strong outcomes. Equity for All allows those students who need additional help to receive this. Well School supports the ALET Learning Philosophy where having a positive mental & physical wellbeing supports strong engagement in lessons and therefore strong educational outcomes.

## Quality of Education

- ❖ In our **growth**, improve headline outcome KPI's for Theale Green School to ensure the school excels against national benchmarks.
- ❖ Through our **community**, raise the impact of good teaching to ensure that high quality classroom experiences lead to great outcomes.
- ❖ Through **connection**, improve outcomes for SEND and Disadvantaged students to ensure we transform their lives through learning.

## Equity for All

- ❖ Through **connection**, improve whole school attendance to above national to overcome barriers to learning.
- ❖ Ensuring our curriculum is appropriate for our **community**, with specific focus on improving levels of literacy all to increase engagement and success.
- ❖ An acute focus on the engagement in TGS life for a core group of disadvantaged students

## A Well School

- ❖ In our **growth**, recognise the wellbeing of all staff is a critical component of the success of our work with students.
- ❖ With our **community**, support the emotional and physical wellbeing of all students to promote motivation and aspiration.
